

Bob Perry ■ *Scientific Technologies Corporation*

AZ.MyIR.net: **A Lifetime of Benefits Through Free On-line Immunization Records Access for Your Patients**

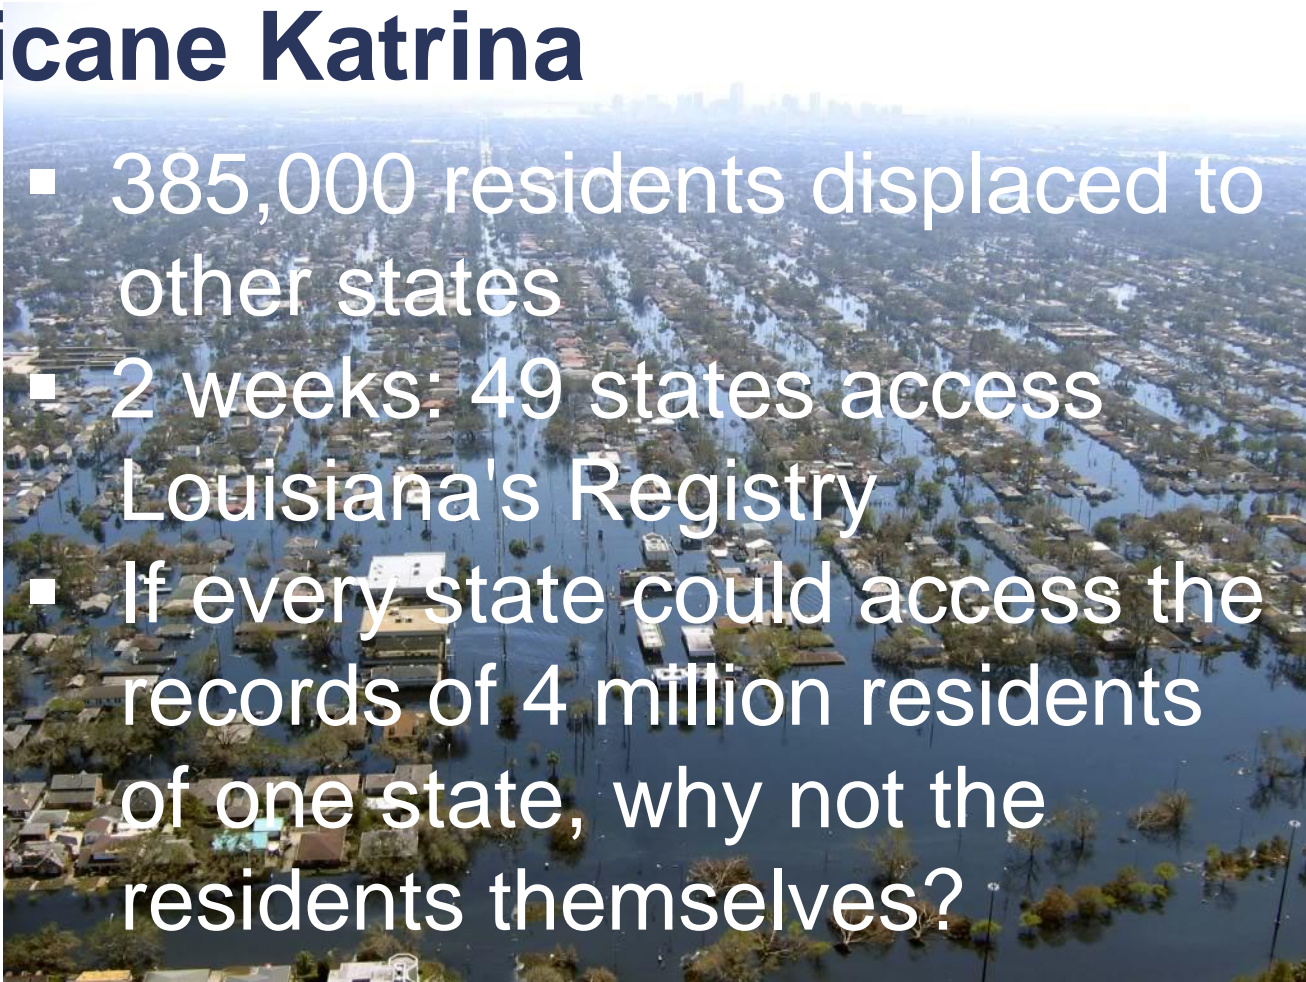

Acknowledgements

This work has been supported through the leadership of:

- Office of the National Coordinator for HIT
- Centers for Disease Control & Prevention
- National Vaccine Program Office
- Arizona Department of Health Services, Immunization Program

Hurricane Katrina

- 385,000 residents displaced to other states
- 2 weeks: 49 states access Louisiana's Registry
- If every state could access the records of 4 million residents of one state, why not the residents themselves?

Arizona's Experience with AZ.MyIR.net

AZ.MyIR.net

- AZ MyIR.net is a project of the Arizona Department of Health Services, Immunization Program
- AZ MyIR.net technology is supplied by Scientific Technologies Corporation (STC), who also supports the ASIIS immunization registry

Arizona's Experience with AZ.MyIR.net

***AZ.MyIR.net* History**

- AZ is one of 5 states deploying MyIR under an ONC pilot program funded by CDC
- 5 AZ provider sites began using in the Spring of 2014
- 3 webinars in March 2015 – 64 sites trained
- Today over 800 consumers and dependents can access their records on-line – over 1000 record pulls to date

Statewide Expansion

- Today, AZ extends statewide rollout of *AZ.MyIR.net* – a way for your patients to have free online access to official copies of their family's ASIIS-based immunization records

Your Role in AZ MyIR.net

- Healthcare providers have free access to *AZ.MyIR.net* to perform a one-time approval of consumer and family-member registrations
- You are also a critical element in promoting *AZ.MyIR.net* to your patients

Today's Agenda

- 1 What AZ MyiR.net does for your patients and for your practice
- 2 How it works
- 3 Demonstration
- 4 How you can participate

1 AZ.MyIR.net – for you and your patients

What *AZ.MyIR.net* does:

For your patients

- Free online account
- Anytime, anywhere access
- View, print, store & share their family's official ASIIS immunization records
- A personal summary of full immunization history & forecast
- SMS / e-mail reminders & alerts for forecasted immunizations

1 AZ.MyIR.net – for you and your patients

What *AZ.MyIR.net* does:

For your practice

- Reduces administrative burdens of continuously providing official paper records
- Improves office experience by reducing back-to-school records crunch
- Increases patient engagement
- Automated reminders drive patients to you
- Helps improve immunization rates and up-to-date status for your practice

AZ.MyIR.net – for you and your patients

What *AZ.MyIR.net* does:

Your role

- Promote AZ.MyIR.net to you patients
- Choose a workflow option to register & authenticate patients
- Use AZ.MyIR.net to connect patients to their ASIIS records
- ONE-TIME only per/family – a sustained registration campaign further reduces your effort as more of your patients get accounts

How it works: Flexible Workflows

A Consumer-initiated

- Online pre-registration
↓
- One-time in-person provider authentication and approval
↓
- Free anytime, anywhere records access

B Provider-initiated

- In-Office consumer recruitment & registration
↓
- In-Office provider authentication & approval
↓
- Promote in-office account activation – free anytime, anywhere records access

Official State-specific Record Format

- One official AZ state-specific record format
- Additional format with complete history and forecast
- Consumer views, prints, stores, shares on-demand – unlimited use
- Access via smartphone, tablet or computer

Vaccine Family	Dose 1	Dose 2	Dose 3	Dose 4	Dose 5	Dose 6	Dose 7	Dose 8
FLU	10/02/2006	03/23/2007	10/05/2008	10/15/2009	10/01/2010	09/29/2011	10/01/2012	10/01/2013
HPV	02/20/2013	04/01/2013	08/25/2013					
MENINGOCOCCAL	02/20/2013							
Tdap	02/20/2013							
DTaP/DT/d	04/18/2002	06/18/2002	08/18/2002	05/20/2003	03/01/2004			
MMR	05/20/2003	03/01/2004						
VARICELLA	05/20/2003	03/01/2004						
HEP-A	05/20/2003	11/20/2003						
HIB	04/18/2002	06/18/2002	08/18/2002	05/20/2003				
PNEUMO (PCV)	04/18/2002	06/18/2002	08/18/2002	05/20/2003				
POLO	04/18/2002	06/18/2002	08/18/2002	05/20/2003				
HEP-B 3 DOSE	02/13/2002	04/18/2002	08/18/2002					
ROTAVIRUS	04/18/2002	06/18/2002						

Forecast

Vaccine Family	Dose	Scheduled Date	Minimum Valid Date
INFLUENZA	14	10/01/2014	08/01/2014
MENINGOCOCCAL	2	02/18/2018	02/18/2018
TD(ADULT)	8	02/20/2023	02/20/2018

The forecast is based on information contained in and reported to the ASIS Registry by immunization providers.

Signature of physician or authorized representative of health agency. This is a valid Arizona vaccination record. This vaccination record was printed from MyIR, an online consumer portal that connects to ASIS (Arizona's immunization registry) and allows patients to print their immunization records. No signature is required to authenticate this record.

Demonstration

Demonstration

Implementation

- Registration: At-home *OR* in-office followed by one-time in-office provider authentication
- Mobile device or paper form-based registration
- Downloadable promotional brochures & posters
- Free consumer access after account approval
- Online provider training + FAQs
- Free phone + e-mail technical support

Benefits to Providers

- Free, simple, safe, secure consumer access
- Reduced administrative burden
- Automation minimizes interventions by healthcare providers and ASIIS staff
- Automated reminders increase likelihood of better coverage + up-to-date status
- One-time provider-approved registration

4 YOU can participate!

How you can participate

- Commit to using AZ.MyIR.net in your practice
- Sign-up staff for a free Webinar training
- Use the embedded training videos as refreshers
- Wear a button at work!
- Track your progress with MyIR metrics
- Get free technical support if needed

YOU can participate!

Your action steps

1. Get more information at:

<http://azdhs.gov/phs/immunization/my-ir/>

2. Register for training using the link above – OR -

**Stop by the AZ MyIR.net exhibit
at the STC booth**

3. E-mail questions to:
